

N Explore Center Pre-Pharmacy

WHAT IS PRE-PHARMACY?

Pharmacists are primarily responsible for drug therapy, drug monitoring, drug distribution, health promotion, and patient counseling. Pharmacists apply scientific and technical knowledge to evaluate drug therapy for each individual patient and may also be involved in basic and clinical research. Pre-Pharmacy students work one to one with an advisor to reach their goals, and they can choose any major to pair with their focus.

HOW TO GET THERE

OUR STUDENTS

"From your first days on campus to your last, the Explore Center is here to help you through your Pre-Health journey. From career advising meetings to application preparation for professional health school, the Explore Center advisors will be there to help along the way."
- Brandon, '21

UNL graduates more healthcare professionals than any other school in Nebraska

The class of 2019 had an acceptance rate of **96%**

The Nebraska Difference

GET PAID TO DO RESEARCH AS AN UNDERGRAD

Encourage and inspire freshmen by being a Pre-Health Peer Mentor

HUMANITIES IN MEDICINE MINOR

Live and learn with Pre-Health peers in a learning community

MEET ONE TO ONE WITH PHARMACY SCHOOL VISITORS

Share your Pre-Health story as an Explore Center Ambassador

INTRO TO HEALTH PROFESSIONS COURSE

Become an undergraduate teaching assistant or tutor for important Pre-Health science courses

N Explore Center Pre-Pharmacy

SUGGESTED COURSES

Required Course Work*	MIN. #
General Chemistry with Lab	2
Organic Chemistry with Lab	2
Biochemistry	1
Quantitative Chemical Analysis or Physics	2
Biological Sciences with Lab	2
Human Anatomy	1
Human Physiology	1
Psychology	1
English Composition	2
Speech	1
Calculus I	1
Statistics or Biostatistics	1
Economics	1
General Education <ul style="list-style-type: none"> Accounting, Biology, Biochemistry, Business Administration, Chemistry, Critical Thinking, Gerontology, History, Humanities, Economics, Education, Ethics, Fine Arts, Foreign Language, Literature, Logic, Management, Philosophy, Political Science, Sociology 	3-6

Recommended Course Work	MIN. #
General Genetics	1
Molecular Biology	1
Microbiology	1
Immunology	1
Calculus II	1
